UI/UX Designer

Front-End Developer | UX Researcher | Design Lead

Creative and detail-oriented Software Engineering undergraduate with 6 months of professional UI/UX internship experience at Random Software Ltd, designing enterprise web and mobile applications for the automotive aftermarket. Proficient in Figma, design systems, wireframing, prototyping, and Agile workflows using Atlassian tools (Jira, Confluence). Solid foundation in front-end development (HTML, CSS, JavaScript) and user-centered design. Experienced in conducting design system audits, iterating on stakeholder feedback, and collaborating with cross-functional teams. Seeking an entry-level UI/UX Designer or Product Designer role to build impactful, user-focused digital products.

Professional Experience

UI/UX Design Intern | Random Software Ltd (Remote)

September 2025 – March 2026

- Designed web pages and UI components in Figma for the HAL Bodyshop and Smart Bodyshop enterprise automotive aftermarket applications
- Audited and improved the company design system to align with current UI/UX standards
- Maintained design consistency across enterprise web and mobile platforms
- Collaborated with cross-functional teams in Agile workflows using Jira and Confluence
- Iterated on designs based on real-time feedback from senior designers and stakeholders

Education

NSBM Green University – Colombo, Sri Lanka

BSc (Hons) in Software Engineering | 2022 – Expected Graduation: 2026

Projects

1 . MindBridge – AI-Based Mental Health Early Warning System (Final-Year Research Project)

Tools: HTML, CSS, JavaScript, Java, Spring Boot, MySQL, Gemini API

- Designed and built a web-based student wellbeing prototype with PHQ-9 and GAD-7 assessments, an AI companion chat, sensitive-language alerts, and an admin dashboard
- Produced UI screens, user flows, a system architecture diagram, and a database ER diagram
- Positioned as a student support and early-warning prototype, not a diagnostic or clinically validated tool

2 . Your Doctor – Mobile Healthcare App (UI/UX Project)

Academic Project | Tools: Figma, Canva | Case study:

https://www.behance.net/gallery/229695159/Your-Doctor-Smart-Simple-Healthcare-App

- Led the design of a healthcare app by identifying user pain points: difficulty finding doctors, scattered medical records, and no virtual consultation options
- Designed user flows, wireframes, and high-fidelity UI screens in Figma covering doctor profiles, appointment booking, virtual consultations, and centralized medical records
- Developed a full case study documenting the problem-solving process and design rationale

3 . SLTB eSeat.lk Website Redesign (UI/UX Project)

Independent Project | Tools: Figma, Canva | Case study:

https://www.behance.net/gallery/230208383/SLTB-eSeatlk-UIUX-Redesign

- Redesigned Sri Lanka's leading bus booking platform to improve usability, accessibility, and mobile responsiveness
- Simplified the booking flow, introduced user-friendly navigation, and strengthened visual hierarchy
- Created mobile-first UI components including homepage, seat selection, timetable display, and feedback sections, with Sri Lankan cultural elements in the visual identity

Professional Skills

- **Design Skills:** UI Design, UX Design, UX Research, Wireframing, Prototyping, Visual Design Principles, User Flows, User-Centered Design, Interaction Design, Design Systems, Usability, Accessibility
- **Front-End Development:** HTML, CSS, JavaScript, Responsive Web Design, Cross-Browser Compatibility, Git, GitHub, Version Control
- **Soft Skills:** Creativity, Collaboration, Critical Thinking, Verbal and Written Communication, Time Management, Adaptability, Problem Solving
- **Tools & Technologies:** Figma, Canva, Jira, Confluence, Visual Studio Code (VS Code), GitHub, Chrome DevTools, Adobe XD (basic), Java, Spring Boot, MySQL, Gemini API

Certifications

- Figma for UX Design – LinkedIn Learning (Completed)
- UI Design Patterns for Successful Software – Interaction Design Foundation (Completed)
- Google UX Design Professional Certificate – Coursera (In Progress)

Volunteering Experience

Event Volunteer – NSBM | December 2023

- Supported event setup, coordination, and crowd management during the 3-day university inauguration event
- Collaborated with the organising team to ensure a smooth flow and a welcoming experience for new students

Extracurricular Activities

- Organizing Lead – ASE 22 Batch Subcommittee (2025), NSBM
- AIESEC Club Member – NSBM
- Student Volunteer – NSBM Volunteering Club
- ICCE Club Member – NSBM
- IEEE Club Member – NSBM
- SWA Community Member – NSBM
- 2 nd Place – National Art Competition, World TB Day 2015 (Mannar District Level), awarded by the National Programmed for Tuberculosis Control and Chest Diseases with the Ministry of Education
